**Left Behind II, Tribulation Force.** In a moment the world has forever changed. Millions of people have suddenly vanished off the face of the earth and chaos remains. One man emerges from the madness as a brave and caring leader. His name is Nicolae Carpatha and to the ravaged world he represents peace, order and hope. However, ancient Biblical prophecies warn about such a time, and warn about such a man. Buck Williams, a world-renowned journalist, knows Nicolae's true identity: he is the Antichrist. Quickly, Buck and a determined group of survivors known as the "Tribulation Force" realize that Nicolae's reign begins the seven year countdown to the apocalypse. Together they swear to do anything to expose the Antichrist for the monster that he is. But the world is now a different and dangerous place. Martial law is now in effect. Humanity's heart grows cold. Nicolae controls every world leader, and anyone opposing him is seen as an enemy of humanity - and marked for death. English. DVD. **[A880d]**

**Left Behind, World at War.** In the prophesied world of the Book of Revelation, global icon and world leader Nicolae Carpatha has finally done the unimaginable - he has managed to unite the world in peace - and bring an end to the bloodshed that has ruled the world since the beginning of time. American President, Gerald Fitzhugh, has shared that dream, and has dedicated his Presidency to making sure that the world's most powerful nation didn't stand in the way of that dream. But when a failed assassination attempt opens his eyes to an underground world and a horrifying glimpse into a sinister conspiracy, Fitzhugh must come to terms with the agonizing truth - World War III is pounding at the door - and his dedication to the dream of peace has left America powerless to defend itself. With the help of investigative reporter Buck Williams and his underground Tribulation Force, Fitzhugh battles against a ticking clock, insurmountable odds, and his own closed mind, to try to find a way to stop the death of millions of people, and perhaps the end of history itself. **Tribulation.** Surrounded by the love of his family, police detective Tom enjoys a rich and full life. But he finds himself battling more than thieves when he takes on a mysterious group that possesses frightening psychic powers. When his wife, sister and brother-in-law become the target of this dark society, he rushes to their aid. However, before he can reach them, a mystical force takes control of his car, thrusting him headlong into the path of an oncoming truck. Tom wakes up from a coma to find himself in a world which has undergone a frightening transformation. A self-proclaimed Messiah rules the world and almost everyone proudly supports a mark on their right hand signifying their allegiance to this global leader. Millions have simply disappeared, and no one left behind can remember that they even existed. In a state of confusion, Tom seeks his family and tries to make sense of a world gone mad. At the same time he finds himself relentlessly hunted by the same dark forces he encountered before his accident. His only hope seems to lie with the members of an underground resistance lead by Helen who are trying to expose this Messiah as the devil himself. Tom is suddenly caught in the middle of a battle as old as time in which the very souls of mankind hang in the balance. English. Spanish. DVD **[A880f]**
